

Meet Your Next Generation

Managed Workspace Technology Partner

Leverage the power of Data Insights and Managed Services to ensure your business remains productive, connected, sustainable and secure, no matter where work happens.

Managed IT

Managed Communications

Managed Print

In an age where
connectivity is a
must-have rather
than a nice-to-have,
we are on a mission to
make your **workspace**
technology **effortless.**

Tick The Right Boxes:

Managed IT Specialists:

Expert managed service solutions.

Nationwide Support:

Technical team across the UK.

UK-Based Control:

Local and responsive service.

Manufacturer Independence:

Best tech for your needs.

Personal Management:

Dedicated service.

Cost and Sustainability:

Reduce costs and boost sustainability

Your Challenges

Are Tomorrow's Opportunities

In today's modern workspace, employees are increasingly reliant on technology. As a result, your people can get held back in the weeds of decentralised legacy tech stacks, software and devices. Relatable? Don't worry. RDS gets it and we've got you.

Together, Let's Tackle:

Cyber Security
Threats

IT Infrastructure
Management

Data Management
& Analysis

Cost Control &
Sustainability

User
Experience &
Engagement

Remote
Workforce
Support

Technology
Innovation &
Adoption

Compliance
& Regulatory
Challenges

Our Solutions

Make Workspace Technology Easy

From IT, Communications, Print to Data Insights and beyond, we are here to connect your team. Let's help them get the job done with the right processes, tools, hardware and software all backed by strategy, implementation, management, ongoing maintenance and support.

Get Connected With:
